

LIBERTY WALL PACK

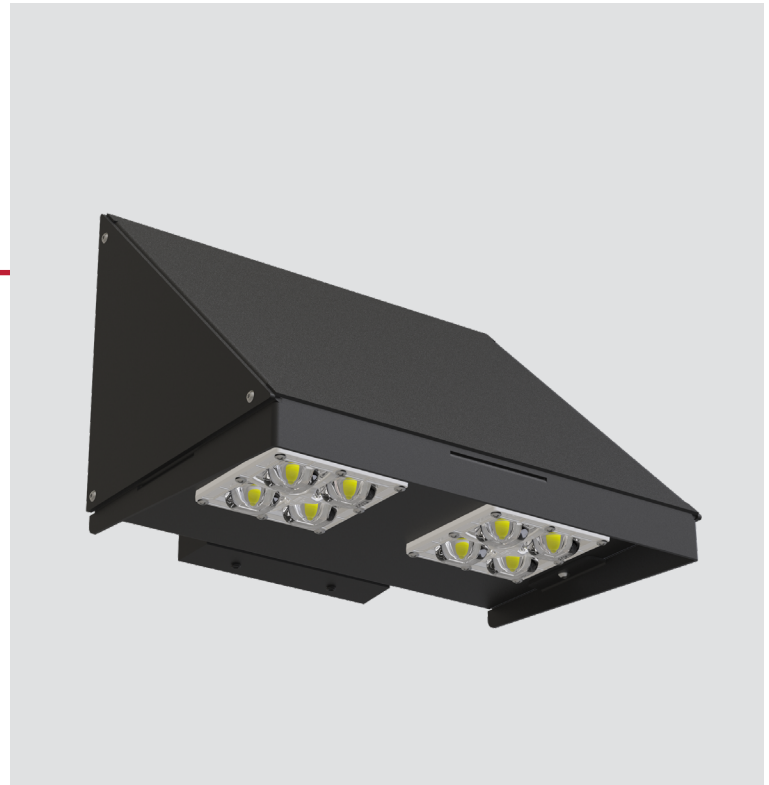

18-100W | Wall Pack

The Liberty Wall Pack (LWP) is a low profile, slim line recessed LED unit with multiple finishes that blends into any background.

The Liberty provides a variety of wattages for any application and is full cut off, with Silicone optics and recessed LEDs as the solution to light pollution.

The Liberty offers an option for an extended front shield making it residential and sport field friendly.

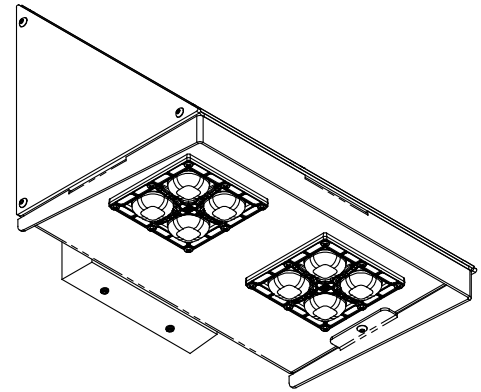

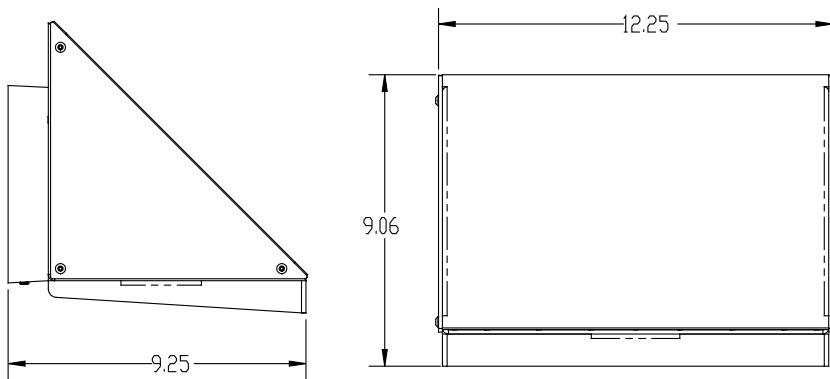

The Liberty only uses quality and long lasting Philips drivers and LEDs. LEDs have an L70 of 250K hours.
